

PYQSide

NEET ANIMAL KINGDOM — PHYLUM PLATYHELMINTHES AND ASCHELMINTHES — PYQS

Max. Marks: 36

Questions: 9

Section A (MCQ)

Q.1 Which of the following endoparasites of humans does show viviparity? [AIPMT 2015 (Cancelled)]

- (1) *Trichinella spiralis*
- (2) *Ascaris lumbricoides*
- (3) *Ancylostoma duodenale*
- (4) *Enterobius vermicularis*

Q.2 *Planaria* possesses high capacity of [AIPMT 2014]

- (1) metamorphosis
- (2) regeneration
- (3) alternation of generation
- (4) bioluminescence.

Q.3 *Planaria* possesses high capacity of [AIPMT 2014]

- (1) alternation of generation
- (2) regeneration
- (3) bioluminescence.
- (4) metamorphosis
